

JOSH

EXPERIENCE HOME INTELLIGENCE

When we set out to create Josh, we wanted to design the perfect smart home experience. Josh is immensely powerful, yet simple to use for every member of the family. With a beautiful app for control and customization, as well as advanced voice control to offer unparalleled convenience, Josh is built to suit any lifestyle. We believe privacy is non-negotiable in the home, and Josh has been engineered to protect your data and earn your trust. We are excited to share the vision and introduce you to Josh!

HOME INTELLIGENCE

Live smarter—Josh takes care of the little things in life so you can focus on what is important.

With Josh, elegant design seamlessly blends with technology to provide a simplified and secure control platform. Enjoy efficient smart home accessibility with the Josh App or conveniently set the mood with contextual voice commands. Josh knows its role and continues to adapt, enabling users to freely interact with their surroundings and automate their lifestyle in whatever way feels most natural.

THE SMART HOME, REDEFINED.

Pioneering a New Era of
Intelligent Living Experiences.

WHAT IS HOME INTELLIGENCE?

Home Intelligence is a multi-faceted approach to personalized control and proactive automation tailored to your unique lifestyle.

The next era of home interaction and customization is now. Josh utilizes advanced AI to evolve and adapt over time.

By leveraging conditional logic, Josh automations adapt to take appropriate action to optimize energy usage, security, and comfort. Refine your experience with custom app settings and adjust Josh's personality with a variety of voices, accents, and responses.

CRAFTING AN INTELLIGENT LIVING SPACE

Seamless Sophistication

Josh is designed to empower every member of your family with intuitive control and intelligent assistance. Through touch, text, or natural voice commands, Josh conveniently consolidates your home intelligence experience onto a single interface.

CATEGORIES OF CONTROL

JoshGPT empowers everyone with access to information and generative content across limitless use-cases. Whether you are looking for nearby restaurant recommendations, curious about the inspiration behind a favorite song, or want help planning the logistics of your upcoming vacation, JoshGPT generates tailored and engaging responses.

DRIVEN BY AI

Proactive recommendations developed by artificial intelligence.

Imagine a home that's intelligent enough to turn off the lights automatically when you go to bed, or pause the music when you leave for work. Josh is turning these future concepts into a reality.

ENVIRONMENTAL CONTROL

Illuminating Elegance

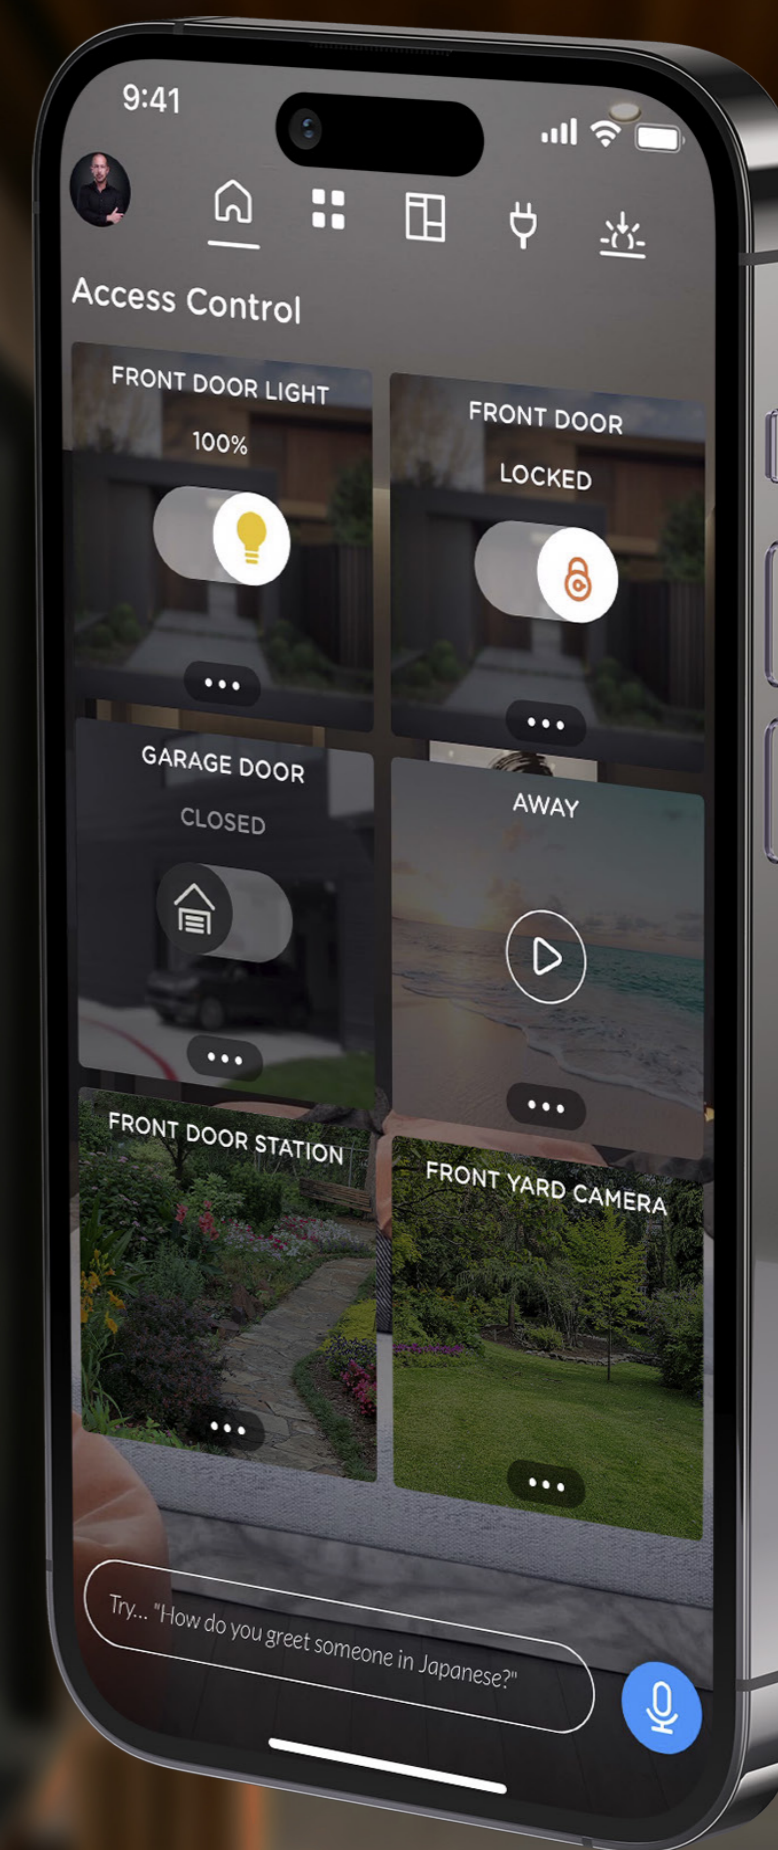

Josh enables the organic and architectural beauty of every environment to shine brightly. Set the perfect mood lighting with access to a palette of over 16.7 million colors or bathe your surroundings in natural daylight with seamless shading control.

ACCESS CONTROL

Protecting Your Peace of Mind

Josh secures your home with remote monitoring, notifications if unknown activity is detected, and rapid responsiveness. Take swift action through the Josh App or with voice commands to deter any unwanted intrusions.

LIVE COMFORTABLY

Effortless Climate Control

Some like it hot, others like it cold, and most land somewhere in between. Since everyone has their own unique microbiome, climate is among the highest ranking variables for overall well-being and productivity in our living spaces. Josh empowers you to optimize your thermal comfort with precise environmental control.

IT'S SHOWTIME

Watch any show, movie, channel, or video clip.

Cue up your desired content simply by asking for it. Josh turns the TV on and chooses the right streaming or cable service for a seamless entertainment experience.

"OK Josh, watch Black Mirror on Netflix"

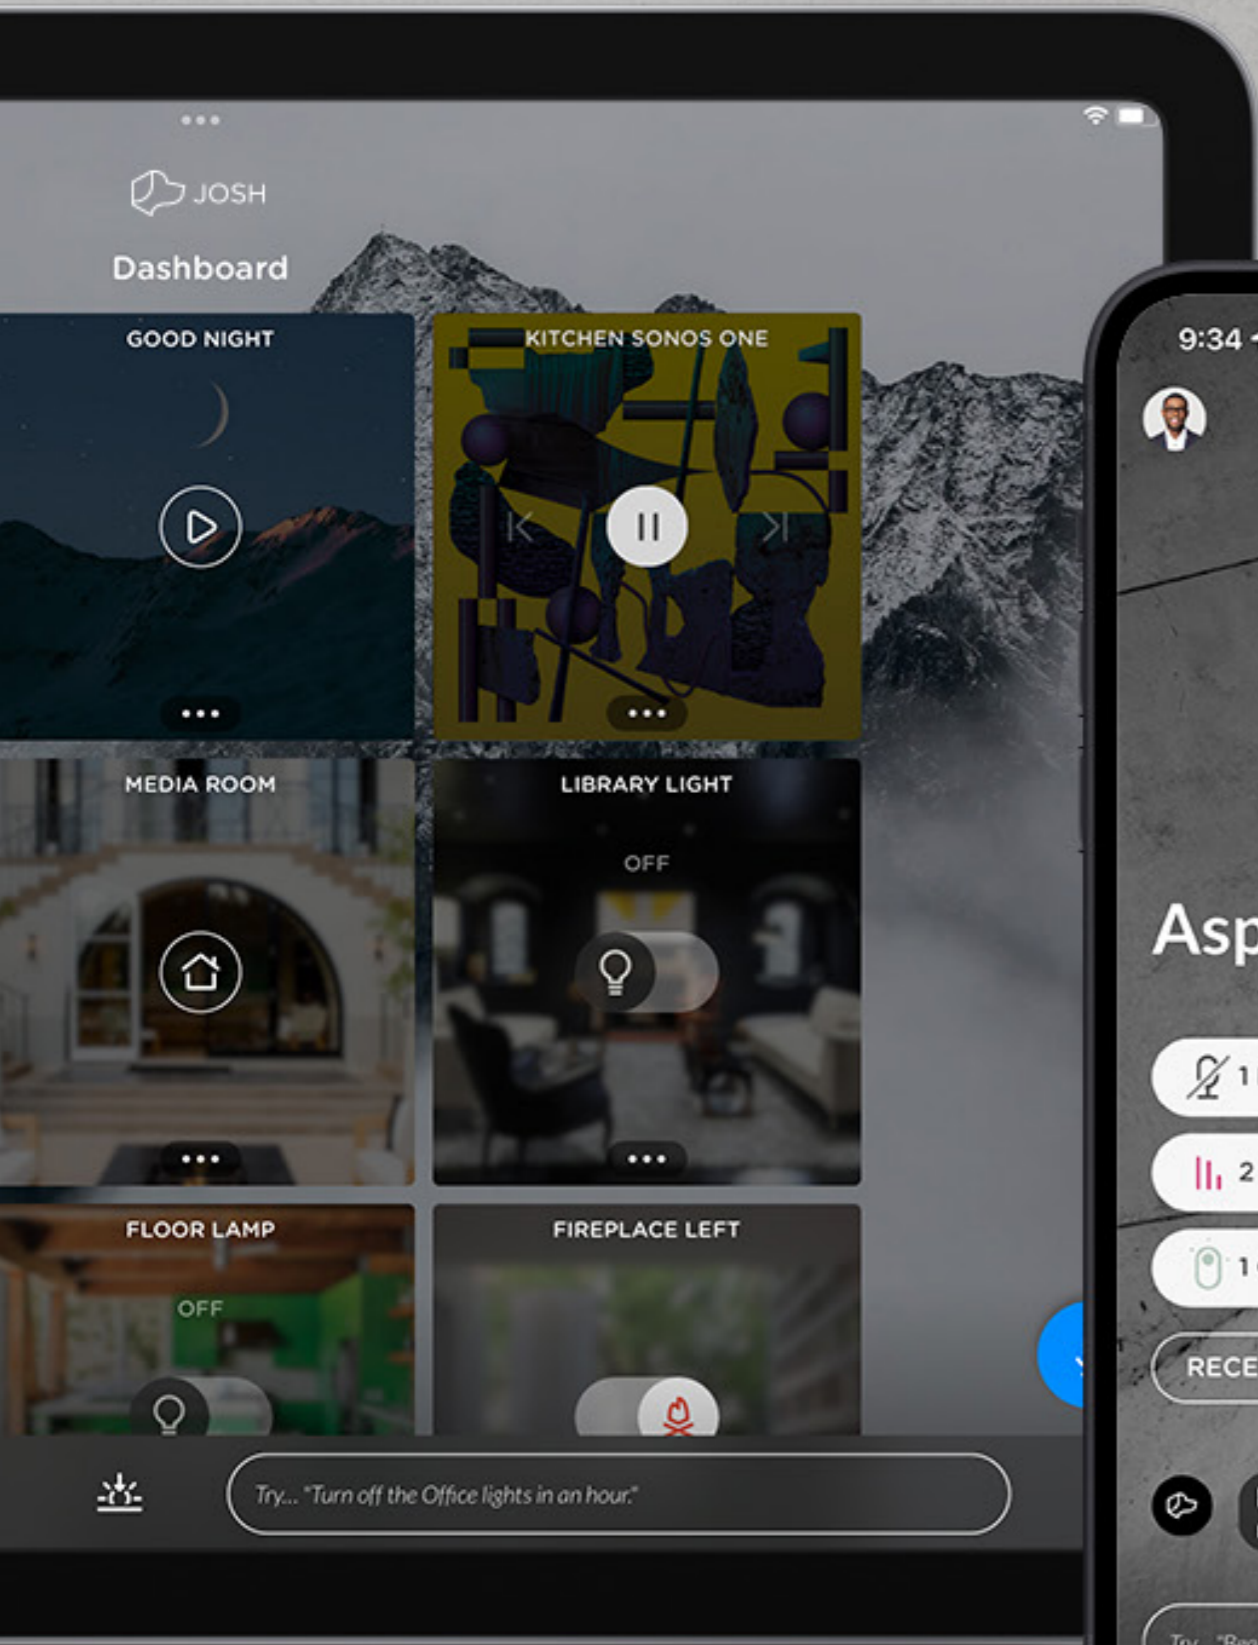

MOVE TO YOUR OWN BEAT

Ask Josh to play your favorite tunes.

Ask Josh to play any artist, album, song, genre, or playlist to create the perfect mood. Josh intelligently finds the right content for you, no matter how specific or broad the request.

“OK Josh, Listen to Smooth Jazz”

OK Josh,

*Make the lights warmer,
drop the shades, and put
on some dinner music.*
